

## Company Code of Conduct

1. Students will attend class and rehearsal with a positive attitude that reflects a passion for dance and uplifts their fellow company members.
2. Members will attend all required classes, rehearsals, performances, competitions, and events without fail.
3. Members will always be courteous and helpful to their fellow company members and remember we are all working towards the same goal.
4. Members will be helpful and supportive to their fellow non-company students and act as examples to aspiring students.
5. Members will have all financial responsibilities turned in no later than their required deadlines.

Members should have the highest level of commitment to dance:

-if you are doing this for your parents or because your friends are...

-if you have other obligations that will make it difficult to fulfill company requirements...

-if you have any question whether or not this is something you want to do...

### **Do Not Audition!!!**

Any member displaying an ongoing lack of commitment may be let go from the company at the directors discretion.

We are a group effort whose progress depends on the weakest member.

If you are up to the challenge we hope to hear from you soon!
